Professional Profile

Analytical, self-taught, and proactive professional. I am looking for an opportunity to improve my knowledge and skills mainly on cloud technologies and DevOps.

I've graduated in Computer Network Technology, and post-graduate in Network & Telecom. Also, I am MCSA: Windows Server 2016 certified professional.

I am currently work managing Windows Server and Linux servers, almost all of them running over VMware platform. Some of managed services are Iptables, ISC DHCP, Apache, Open VPN, ADDS, ADCS, WDS, MDT, Jetty, Sql Server, MySQL, BackupPC, Samba, Zimbra.

Besides my experience, I also have knowledge of Agile methodologies, CI/CD pipelines (Azure Devops and Jenkins); Docker architecture (includes Registry and Docker Swarm), as well as app containerizing; Powershell, Shell Script e Python scripting; Git version control; Hyper-V; automated environments using Vagrant and Ansible; Nagios and Elastic Stack for monitoring; and cloud technologies like Office 365, Azure (Virtual Machines), GCP (Compute Engine), and AWS (EC2, VPC, Auto Scaling, RDS, S3, ECS/ECR, CloudFront e Route 53).
