Professional Profile

Analytic, self-taught, and proactive professional. I am constantly improving my knowledge and my skills, and right now I am focused mainly on cloud technology, DevOps culture, as well as tools for maintenance.

Graduated in Computer Network Technology, and post-graduate in Network & Telecom. I have experience working with Windows Server, PowerShell, Linux, Firewall (PfSense), DHCP, DNS, Web Server (Apache2), VPN (Open VPN), WSUS, WDS, MDT, Active Directory (includes GPO), and virtualization on Hyper-V and VMware.

Also, I have knowledge of Python, Flask, MySQL, SQL Server, Shell Script, PowerShell, Git, Sourcetree, Jenkins, Vagrant, Ansible, Puppet, Docker, Docker Swarm, ELK Stack, Office 365, Azure (Virtual Machines), and AWS (EC2, VPC, Auto Scaling, RDS, S3, ECS/ECR, CloudFront, and Route 53).
